

BIG GUNS ARE USELESS NOW

United States Battleships Are Handicapped With Heavy Weather-Surprising Statement.

BAD CONSTRUCTION

Thirteen and Eight Inch Batteries of Kearsage Were Idle During Manuevers.

(Special By Scripps-McLae.)

Washington, Oct. 21.—Startling revelations of the inability of some of the best United States battleships to fight their turret guns, and even their broadside batteries, in a heavy sea are made in a report in which Rear Admiral R. B. Bradford, the recently relieved chief of the bureau of equipment of the navy department, dissects from the designs for the 13,000 ton battleships Idaho and Mississippi. The designs were approved by the naval board of construction.

Guns Are Useless.

The elevation of their heavy gun port sills above the load water line is so little that in a heavy sea they must be closed and the guns thereby rendered inoperative. Some members of this board contend that foreign battleships labor under equal disadvantages, but the fact that the thirteen and eight inch guns on the Kearsage, the flagship of the North Atlantic squadron, were worthless during sixty-one days of last summer's cruise will be a disagreeable message to the bulk of the American people, who believe the American battleship can come off victorious in a fight with anybody and anywhere. Here is the salient portion of the report, which was made public by permission of Secretary Moody:

Lacks Fighting Qualities.

"There are two important qualities in the design of the Idaho and Mississippi, now recommended by the majority of the board, which I believe should receive serious consideration. The first is in relation to speed. In this design speed in shipbuilding is second to capacity for sea fighting.

"If the speed of the Idaho and Mississippi corresponds to that of the old battleships, then they must be relegated for service to the old battleship class and the first line of defense, composed of battleships of the latest and most powerful type, with a speed of eighteen knots, is not strengthened. Should to the slow Idaho class be added the Maine, Virginia and Connecticut classes, then the speed of the fleet will be reduced from one and one-half to two knots."

Free Board Is Too Low.

"Even if this sacrifice should be made the Idaho class still would be useless in a moderate seaway, owing to their low free board.

"Reference is made to the report of the commanding officer of the Kearsage, which is a ship of higher gun position than the Idaho. It is stated in this report that during sixty-one days of the summer cruise the turret guns could not be used and for at least one-third of that time the broadside guns could not be used, both on account of the condition of the sea."

A SURPRISE BY THE LADIES

Presented Canton With Beautiful Flag—Delightful Dance Followed Drill.

Last evening Canton, No. 9, were to receive H. J. Suttle, department commander, who was to be present then with the prize won last week at Madison, but at the last moment he found it would be impossible for him to be present in person, so he wrote a congratulatory letter, enclosing the prize. But the real surprise of the evening was when the ladies of the Canton through a neat presentation speech from Chevalier T. O. Howe, presented the Canton with a beautiful American flag, which was accepted in behalf of the Canton in a few remarks by Lieutenant Jas. A. Fathers. The ladies in their zeal had not forgotten to provide for the innerman and had prepared an elegant supper, served in the dining room at the West Side Odd Fellows hall, and all most heartily partook of the sumptuous spread. Then followed a social dance which was very much enjoyed by all.

WOMAN REFORMS HER HUSBAND

Wife of Farmer Cures Him of Liqueur Habit in Own Home.

Hayton, Wis., Oct. 21.—John Wiltberg has cleared up the mystery of his year's disappearance by saying that his wife had kept him a prisoner in his own home to cure him of the liqueur habit. His friends were astounded when he reappeared on the streets. His imprisonment began with his own consent and now he is glad he was confined alone in a room for a year, for he is the picture of health and has lost his craving for drink. Wiltberg is a farmer.

REMOVE MAN'S STOMACH TO CHECK STARVATION

Patient Partakes of Food and Gains in Weight as Result of Delicate Operation.

(Special By Scripps-McLae.)

Sioux Falls, Iowa, Oct. 21.—William Noss, a farmer living near Pomeroy, has left the Samaritan hospital for home without a stomach, yet feeling well and weighing fifteen pounds more than he did over three weeks ago.

Noss began to have trouble with his stomach four months ago, and finally the physicians told him he was suffering from cancer. He was dying of starvation when he arrived at the hospital here.

The stomach was removed so as to leave a flaring end to the gullet, while the lower end was cut off where it narrows to merge into the intestines. When the stomach had been removed a funnel-shaped part attached to the esophagus was stitched in such a way as to form a small sack with an orifice. By delicate stitching this passage was made airtight. The wound was closed and the man given food. Now he eats as much as he desires.

DIPHTHERIA HERE MAN AT HOSPITAL

Has Disease Comes From Northern Part of the State.

John Stemford, 21 years old, is ill with diphtheria at the detention hospital. He is a visitor in the city, coming from the northern part of the state and claims that he cannot imagine how he contracted the dread disease. The man's case is not a particularly serious one and every precaution is being taken to prevent the spread of the scourge. This is the first case in the city for some time that has been sent to the detention hospital and the patient is receiving good care at the hands of George Phelps, who is in charge. City Health Officer Edden does not believe that there is any cause for alarm as there is little likelihood of the disease spreading.

MISS DUDLEY WILL MARRY CLAYTON FELLOWS THURSDAY

Popular Young Janesville Couple Will Be Wedded Next Week.

The wedding of Miss Catherine M. Dudley and Mr. Clayton B. Fellows is announced for Thursday next. Mr. Fellows is the assistant superintendent of the Metropolitan Insurance company and the bride has been employed for some time past by the Rock River Machine company.

ALLEGES MARSHAL STRUCK HER

Idaho Official Is Arrested on Charge of Ill-Treating Woman Deputy.

Boise, Idaho, Oct. 21.—United States Marshal Rounds was placed under arrest on a warrant sworn to by Mrs. George E. Spencer, formerly first deputy marshal in Rounds' office. In the complaint Mrs. Spencer charges that Marshal Rounds forcibly attempted to pull her from a stool upon which she was seated at work upon her books and exhibits a bruised arm as evidence of what is alleged to have occurred. Mrs. Spencer is the widow of former United States Senator George E. Spencer of Alabama. She came here from Washington in 1902. She was dismissed recently. It was at that time the assault is alleged to have occurred.

STATE NOTES

John Yake, a farmer living near Logansville, left home on Monday and hanged himself to a tree in the woods.

Five boys were in court at La Crosse on Friday, charged with creating a disturbance and breaking up the Koehn-Schleuter wedding party.

It is charged that the Racine poor department is being victimized by people who sell orders for food to secure liquor. An investigation will be made.

A. R. Hinkley, probably the only man in Waukesha county still living on his homestead, celebrated his ninety-third birthday Friday at Eagle.

The Baraboo city council has granted the Baraboo Lighting company a franchise for twenty years to furnish the city and inhabitants with gas and electric light.

Ernest Petersen, the mechanic who assaulted Minnie Johnson at Racine Friday night, pleaded guilty and was sentenced to the state prison for eighteen months.

Albert Dalton, keeper of a second hand store at Oshkosh, who has been posing as a private detective, was fined \$3 and costs on Friday for carrying concealed weapons.

Deputy Game Warden Julius Walt confiscated the carcasses of two deer and a fawn packed in trunks and checked from Amberg to Chicago, at New London on Friday.

The war department has authorized the construction of a guardhouse of the Tartar wall at Pekin, China, for the use of the soldiers stationed in that city as a legation guard. Other nations maintaining troops in Pekin have erected such buildings on the wall.

**RAILROAD WILL EXTEND LINES**

WISCONSIN CENTRAL FILLED AMENDED ARTICLES AT MADISON.

SECURES A CHANGE OF VENUE

Equitable Insurance Company Will Take Case to Dane County Court for Trial.

(Special By Scripps-McLae.)
Madison, Wis., Oct. 21.—Two extensions of Wisconsin Central railway are provided for in an amendment to its articles of organization filed with the secretary of state today: one extension from Park Falls, Price county, ten miles northeast to Ashland county, the other from Cliden, Ashland county, eight miles southwest.

Judge Ludwig of the Milwaukee supreme court has granted a change of venue in the case against the Equitable Ins. Co. to complete a division of surplus and the case will be brought to Dane county for trial.

FOOTBALL GAMES PLAYED TODAY

Both East and West Have Some Good Games Scheduled For This Afternoon.

Much interest is being shown in football this year both east and west. The western championship means much more today than it did ten years ago or even five and this year with all the big games coming at the end of the season the interest is on pitch every game for a defeat by a minor college might spoil the chances for a championship later in the season. Michigan, Minnesota, Wisconsin and Chicago are considered the Big Four in the west just as Harvard, Yale, Princeton and Pennsylvania are in the east. Thus far both eastern and western games have not shown the true qualities of the teams that have played. If dope can be counted Pennsylvania has the best of the argument in the east and while Michigan looks the best in the west Minnesota and Wisconsin having yet to be heard from and Chicago is by no means out of the race. The games played today are as follows:

Chicago and Illinois at Marshall field.
Michigan and Drake at Ann Arbor.
Northwestern and Cincinnati at Cincinnati.

Minnesota and Beloit at Minneapolis.

Wisconsin and Knox at Madison.
Iowa and Grinnell at Grinnell.
Purdue and Oberlin at Lafayette.

Notre Dame and Chicago Medias at Notre Dame.

Iowa Normal and Cornell at Cedar Falls.

Franklin and Earlham at Richmond.

Nebraska and Colorado at Lincoln.

Albion and Kalamazoo at Kalamazoo.

Ohio State and Case at Cleveland.

Moumouth and Coe at Cedar Rapids.

Olivet and Michigan Normal at Ypsilanti.

Yale and West Point at West Point.

Harvard and Brown at Cambridge.

Princeton and Dartmouth at Princeton.

Pennsylvania and Columbia at New York.

Cornell and Union at Ithaca.

Navy and Lafayette at Annapolis.

Amherst and Trinity at Amherst.

Syracuse and Williams at Syracuse.

Henry Helntzkill, who was hunting with his two brothers, aged 9 and 11 years, in Outagamie county, fired a shotgun loaded with small shot at a black bear, killing it instantly.

SAUSAGE MAKERS GO ON A STRIKE

FIFTEEN HUNDRED EMPLOYEES OF YARDS ARE OUT.

THEY WANTED AN INCREASE.

Asked For Raise of Two and One-half Cents.—Were Making Good Wages.

(Special By Scripps-McLae.)
Chicago, Ill., Oct. 21.—Fifteen hundred sausage makers, employed in the stockyards, this morning struck for an increase of wages. They were making from sixteen to twenty-five cents an hour and asked for an increase of two and a half cents. The packers have made no attempt to fill the places with nonunion men and there is no violence expected. The work in the departments is at a standstill at present, but it is thought will be adjusted by Monday.

ST. PAUL ROAD MAY BUILD LINE

Talk of Extending Local Railway Service To the Pacific Coast.

Once more it is asserted that the St. Paul road is to build to the coast. The report probably will be denied as promptly and as emphatically this time as it has been many times in the past. The authority for the present rumor is a man who says he has knowledge of certain land deals put through in the last two or three months which to him are a positive indication that the St. Paul management has decided to extend its system to a northern port on the Pacific coast.

In connection with this report it is at least interesting to note that the western railroad situation presents many problems not easy of solution. The Harriman and Gould interests are not friendly, to all appearances, while the Rockefeller and Gould interests are working in complete harmony. Only a short time ago Mr. Harriman joined the Hill-Morgan party by entering the Erie directorate and this move followed a report for which there seems to be good ground, that Mr. Harriman had fallen out with the Kuhn-Loeb interest. Mr. Harriman and the Rock Island interests are on the best terms, and, acting together, have been heavy purchasers of Atchafalpa property. Controlling the Northern Securities, the Union Pacific and Southern Pacific and the Atchafalpa, the Harriman-Morgan Rock Island interest controls every route to the Pacific coast. The St. Paul and the Northwestern and the Gould system are cut off, their farthest western line being the Denver and Rio Grande of the Gould group, which ends at Ogden.

CHICAGO MONEY FOR NEW YORK

Reversal of Usual Fall Conditions Worries Eastern Financiers.

New York, Oct. 21.—The financial end of New York thinks the world is topsy-turvy because Chicago institutions are loaning their funds in New York on long time in the last week in October instead of drawing upon New York for currency to be sent to Western country banks. This adds another strange feature to the singular character of the currency situation. It is a strong indication that the West will be able to handle this year's crop without withdrawing any cash on deposit in New York banks. The demand for currency at the south shows no signs of diminishing and the shipments to that section promise to exceed those of any former year. This was anticipated at the opening of the season, as a result of the higher price of cotton.

TWO GUARDS ARE HELD FOR KILLING PATIENT

Coroner's Jury Charges Attendants at Bartonville Asylum for Incurable Insane With Murder.

(Special By Scripps-McLae.)

Peoria, Ill., Oct. 21.—The coroner's inquest in the case of Thomas Hartley, inmate of the Bartonville asylum for the incurable insane, who died as the result of the injuries sustained in a struggle with two of the attendants, brought in a verdict finding that the deceased came to his death as a result of the injuries and recommending that the two guards, Edward Sorrels and Samuel Flynn, be held without bail on the charge of murder.

The two are confined in the county jail and their attorney announced that he would institute habeas corpus proceedings for the purpose of securing their release on bail if possible.

J. Mack Tanner, secretary of the state board of charities, and Frank D. Whipp, assistant secretary of the board, arrived in Peoria and were interested spectators at the coroner's inquest. Mr. Tanner announced that he would investigate the affair and visited the asylum for the purpose of making an examination of the building, in the corridor of which the struggle which preceded the death of Hartley took place.

OFFICERS MEET IN MILWAUKEE

Y. M. C. A. Secretaries Gather in Cream City for Annual Session.

Friday evening the annual conference of the Wisconsin Y. M. C. A. secretaries came to an end and all who attended united in saying that it was one of the most profitable and pleasant gatherings that these officers had ever held. Secretary Kline of the Janesville association was present and returned home Friday night. He spoke of the conference in glowing terms. At the meetings association work in all its phases was discussed and the different departments, social, educational and physical, were reviewed. New methods were talked of and suggestions made bearing on the subjects in hand that the men might return to their separate branches better able to carry on the great work. To lend interest to the occasion, two international secretaries were present, K. M. Hodge of the international committee, New York, and S. C. Ward of Chicago.

Every secretary in the state was present but three, and there were four badger "Y. M." physical directors. Thursday evening the state Y. M. C. A. board met in their quarterly meeting and this conference was held in conjunction with the session of the secretaries. An enjoyable time was experienced by the men in the Cream City and much benefit was derived from the sessions.

POSTMASTER IS AN EMBEZZLER

D. L. Zimmerman of Evansville, Ind., Wounds Self to Enhance Robbery.

Evansville, Ind., Oct. 21.—D. L. Zimmerman, former postmaster at Lynville, Ind., has arrested for alleged embezzlement of \$300. He was brought here and pleaded guilty and his bond was fixed at \$1,500. Zimmerman at first claimed two masked men entered the postoffice on the night of July 29, 1902, and after shooting him robbed the safe. It was afterward learned that the wound was inflicted by himself.

SPARKS FROM THE WIRES

The grand jury of St. Louis returned three indictments against Hugh C. Dennis, president of the Rialto Grain and Security company, charging him with "setting up a bucket shop" and "dealing in grain."

Nels P. Erickson at Iron Mountain, Mich., was found guilty of murder in the second degree and sentenced to a term of not more than thirty nor less than twenty-five years in prison for murdering his father, John Erickson, May 23, 1902.

The offer of Andrew Carnegie made last January to donate \$1,500,000 to the city of Philadelphia for the establishment of thirty free libraries was favorably acted upon by a subcommittee of the committee of councils on public libraries. An annual expenditure of \$150,000 will be required.

Owners of quick lunch counters in New York are up in arms against the four companies which control the supply and which have announced an advance of from 3 1/2 to 4 cents a pie. The lunch counter men are preparing to resist the advance. There is talk of a cooperative factory and a general boycott of trust-made pies.

Arthur Carpenter of Albany and Fred Avery of Northville, N. Y., the New York Central trainmen arrested on the charge of assaulting Express Messenger Thomas W. Wallace on the Montreal express, with the intention of robbing the express safe, were arraigned. The men pleaded not guilty and gave bail in \$1,000.

The trial of Mayor William B. Hays of Pittsburgh, Pa., on the charge of misdemeanor, resulting from the discharge of Samuel Moore, a veteran of the civil war, from his position in one of the city bureaus, was called before Judge John D. Shafer. The case is a test one to show whether the mayor has the right to remove veterans from the city employ for political reasons.

DOWIE LEAVES HIS FOLLOWERS

Goes to Boston to See His Wife Sail For Australia This Afternoon.

MAY GO HIMSELF

Announces He Will Go to the Far Off Country In The Spring Time.

(Special By Scripps-McLae.)

New York, Oct. 21.—John Alexander Dowie started for Boston with his wife, ostensibly to see her start on her journey to Australia. He absolutely declined to indicate in any way when he will return to the city, and the information obtained was that he intends to sail with his family for Australia.

It was impossible to ascertain whether any provision had been made for the members of the Zion restoration host now at Madison Square garden, either for their return to Zion City or for their maintenance while here.

Host Deserts Dowie.

Some even intimate that Dowie, discouraged by the evident failure of his invasion of Gotham and by the desertion of a part of his restoration host, hundreds of whom have left for Chicago, will not return either to New York or to Chicago, and that he will seek new fields in the antipodes. So far as known Dowie has not made a convert in New York. His whole trip up to date has been a miserable failure.

The meetings at Madison Square garden were marked by increasing disturbances and the police with difficulty restored order after Dowie had finished one of his diatribes against his audience.

While Dowie himself was speaking there were some interruptions.

Crowd Tantalized Elijah.

"How about Bill Devery?" yelled a voice from the gallery, and there were cat calls and applause. The "prophet," with upraised hands, asked what the question was, and it was repeated in tones of thunder, but still Elijah did not catch it. One of his overseers repeated it for his benefit. "He says, 'How about Dr. Dowie?'"

"I should think Dr. Dowie is in evidence," continued the "restorer." "I can do my own talking. You've got a man now in New York who won't stand for your anarchistic nonsense. I hired this hall. I'm going to pay the rent, and I won't stand for impertinence."

Abuses His Audience.

Dowie continued talking about "gross ignorance," when Mrs. Dowie rose and plucked his sleeve.

"Go on, Janie," shrieked a voice, and in a moment there was general pandemonium, which was finally subdued by the police. Dowie admitted that 112 Zionists had returned to Chicago.

MILLIONS OF ALIENS SEEK AMERICAN HOMES

Commissioner Sargent Deplors Tendency of Foreigners to Form Communities in Large Cities.

(Special By Scripps-McLae.)

Washington, Oct. 21.—The last year, ended June 30, saw the greatest immigration to this country ever known. The commissioner general of immigration in his report shows that 921,315 aliens came to this country in the twelve months, or more than four times the number that came in either 1897 or 1898. There were 76,000 who had once before been in this country, but had gone home in the Democratic years of depression.

The bulk of immigration was from southern Europe, but the increase was from every country because of the prosperity here. Commissioner Sargent says the greatest threat from the present influx of aliens is their disposition to form alien communities in our great cities.

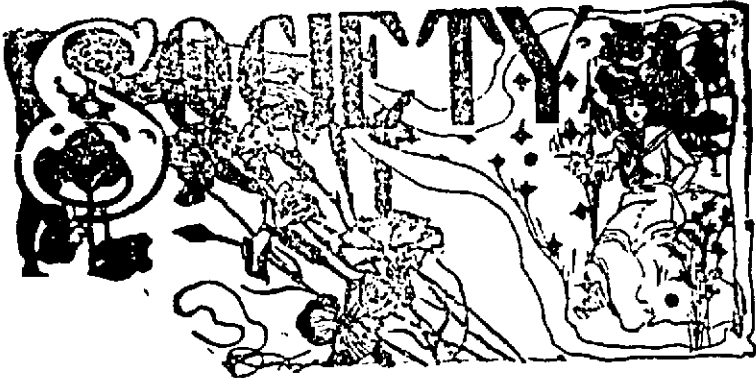

"Such colonies," says he in his report, "are a menace to the physical, social, moral and political security of the country. They are hotbeds for the propagation and growth of those false ideas of political and personal freedom whose germs have been vitalized by ages of oppression under unequal and partial laws, which find their first concrete expression in resistance to constituted authority—even occasionally in assassination of the lawful agents of authority."

Cholera Disappears.

London, Oct. 21.—The outbreak of cholera at Bethlehem, in the Holy Land, which was reported Oct. 17, has been stamped out.

Bank Panic Passes.

Pittsburg, Pa., Oct. 21.—The financial atmosphere seems to have been cleared and no further bank troubles are looked for.

This afternoon at five o'clock Mr. and Mrs. Eldridge Garry Fife will celebrate the fiftieth anniversary of their marriage at their home, 201 Jackson street. A half century ago Mr. and Mrs. Fife were married in West Bridgewater, Massachusetts, and came immediately to Wisconsin. With the exception of nine years spent at Jefferson they have lived in Janesville, and since 1864 they have lived in the same house on Jackson street, where the celebration is to be held this afternoon. Mr. Fife came to Wisconsin first sixty-six years ago and has seen the then territory, sparsely settled and a frontier settlement in the true sense of the word, grow into a mighty state. Mrs. Fife came a few years later and lived for a time with her brothers at Jefferson before returning east to her

Mr. and Mrs. Charles O'Donnell entertained about fifty of their friends last evening. The evening was pleasantly spent at cards, progressive euchre being the game played. The ladies first and second prizes were won respectively by Mrs. J. W. O'Donnell of Beloit and Miss Kelly. The gentlemen's prizes were captured by James Broderick and Collier Meens of Beloit.

Dr. Stuart H. Sheldon, a nephew of Mr. A. L. Sheldon has gone east to take post graduate work at Johns Hopkins university, Baltimore. After doing post graduate work in Baltimore he will become ship surgeon on the steamship enroute to Japan

Mr. and Mrs. J. C. Reedy, Mr. and Mrs. C. C. Morse, of Kansas City, are in the city to attend the golden wedding celebration of Mr. and Mrs. H. G. Fife.

Mrs. H. M. Edwards and son Mrs. T. S. Nolan and guest from Chicago, and Mrs. Albert Spooner and children will enjoy a fall picnic today. The party will drive to the woods and prepare lunch over a bonfire, spending the entire day in the country.

Mrs. Mary Hewitt of Brockton, Mass., is spending a few days with relatives in the city.

Mr. and Mrs. George Bruns of Lake Mills are visiting in the city.

Mr. and Mrs. J. E. Harvey of Madison are visiting in the city.

Mr. and Mrs. Frederick Buell of Milwaukee are visiting friends in the city.

Mrs. Charles G. Williams of Watertown, N. D., is spending a few days in Janesville.

Alva Louden, who lives west of the city, with his daughter, Mrs. W. F. Austin, is seriously ill with smallpox, and hopes of his recovery.

BOWLING BEGINS TO BE PLAYED

Series of Prize Plays in Individual Contests Will Start On Tuesday Next.

Bowling has at last opened for the winter season. Last night's play between two teams, the Schmidleys and the Whitecombs, resulted in a victory for the Schmidleys by a total of 2184 to 2127. Even up to the end of the final game the score was in doubt and the playing very exciting. On Tuesday next the individual playing for the prizes offered by business men about the city starts. Later in the season it is expected that a ladies' bowling club will be organized and one morning a week devoted to the ladies. Mrs. Day has already made arrangements for her class to begin after the first of November, although the day has not yet been set. Match games will also be played with Beloit and Rockford teams by picked players of Janesville men and it is a possibility that several players will enter the Milwaukee club contests later in the year. The scores for last night's games were as follows:

Schmidley		Whitecomb	
Schmidley	143	100	151
Ruhland	167	133	165
Baumann	162	146	152
Hockett	132	179	167
Golt	119	115	162
Total	723	674	2184
Whitecomb		Prize Play	
Whitecomb	124	135	139
Higgins	159	170	134
Todd	146	178	190
Rice	170	125	89
Taylor	123	122	113
Total	702	730	695

On Tuesday night the games for the ten prizes offered begin and the following players have been paired for the contest: John F. Ruhland vs. Dr. Whitecomb; L. L. Leslie vs. H. S. Golt; James Gibson vs. George Baumann.

The following rules will govern the individual bowling contests:

1. Bowl three games with every person in tournament.
2. Games won count only; not total pins.
3. Every player pays his own games.
4. Entrance fee, \$1.00, to be given for prizes. House gives \$5.00 toward prizes.
5. Games called at 8:15 p. m.
6. Two alleys shall be used. The contestants shall successfully and in regular order roll one frame on one alley and next frame on other alley.
7. Foul will be called according to A. B. C. rules.
8. If a member quits before tournament is over he forfeits all games bowled and is not entitled to any prizes.
9. All players are to roll the same number of games in order to win a prize.
10. A player must bowl on the night he is called on to bowl or else furnish a good reason for not bowling in time to substitute a player in his place, but said player must bowl inside one week after being notified.

REFORM NEEDED IN LAND LAWS

THE PRESENT SYSTEM HELPS THE RICH ALONE.

IT IS ALSO GOOD LAND GRAFT.

For the Big Stock Companies Who Have Need of the Land.

For more than forty years the phrase, "Homestead Law" has been pleasantly familiar to American ears. It opened a way for millions of people to get a foothold upon the land. The idea was that as long as there was any portion of the public domain fit for agriculture, and not otherwise appropriated, any citizen, or even any alien who had declared his intention to become a citizen, might obtain 160 acres of it by filing his claim, paying certain nominal fees, and settling upon it to make his home in good faith.

It was a beautiful act of paternalism—Uncle Sam, the rich and loving father, dividing his estate among all his children, natural and adopted. And the plan worked as beautifully as it sounded so long as there were farms to be had in that part of the public domain which receives a good annual rainfall. Practically the last of such land has now passed away from the government. There is a vast empire yet left—an empire in which tens of millions will sometime dwell—but every acre of it must be irrigated before it will be fit for homes. When this is done, one acre will be equal in productive capacity to four acres depending on rainfall.

To Build a Home
The central thought in the Homestead Law, as its name implies, is that a family shall settle down to the enjoyment of an independence from the permanent tilling of the soil. When it is used for any other purpose it becomes a misnomer and a disgrace.

The law sought to make sure of the permanence of the settler's home by providing that he should live upon and cultivate his homestead entry for five years before getting final title. If a family could remain that length of time on a quarter-section, it would certainly become established and attached to the soil. In the view of the lawmakers, neither less nor more could be asked as a demonstration of good faith.

But the Commutation Clause goes very far to nullify this wise provision of the law in regard to a five years' continuous residence and cultivation. Under this clause, title may pass to the settler at the end of fourteen months, on payment of \$1.25 per acre.

Chance to Evade the Law
The Commutation Clause is entirely unnecessary to the settler who intends to comply in perfect good faith with the letter and spirit of the Homestead Law. While it would be going too far to say that no one has ever availed himself of this means of shortening his residence upon the land for a worthy purpose, it is a fact that the method is chiefly useful to those who wish to evade the real intent of the law.

There is a great struggle for valuable pasture lands in the west. The country continues to grow, and with it the demand for beef and mutton. The public pasture available for livestock does not grow, but becomes relatively less. Stockmen see the shadow of coming changes in land laws when they will no longer be able to use the range without restrictions and without price. Naturally enough, they desire to make themselves secure in the possession of as much good grazing land as possible. There is a way in which this may be done, and this is by means of the Homestead Law and convenient "dummies" to make entries under it.

Homestead Entries Today
As the law requires actual residence, it is desirable to have the required period as brief as possible. Residence upon it is usually nothing more than a "bluff." A claim shanty is erected and the owner does well if he sleeps there as often as one night in six months. Fixed years' residence would give title for a nominal price, but the claimant would rather commute after fourteen months and pay \$1.25 per acre. Having obtained title, the entryman can immediately sell his land to anyone he chooses—which is frequently the individual or corporation for whose benefit his filing was really made. In such cases the money has been advanced by the interested parties, while the man who has loaned his rights of citizenship receives a modest stipend for the accommodation. Considered as a homesteading proposition, the whole proceeding is a farce.

The Homestead Law is all right, but the Commutation Clause is all wrong. The honest settler does not need it; and the country does not need the other kind of settlers. The president has urgently demanded the repeal of this feature of the law, and backed by an enlightened and insistent public opinion, his advice ought speedily to carry with congress. WILLIAM E. SMYTHIE.

The project for a new church building for Grace Episcopal congregation at Appleton has been abandoned until next year.

and went to look at the audience to see how they were taking the stage wait, and he could not see the audience. Finally he groped around and found the keg, finished his scene and went off in a fit of great excitement. Rushing to his room, he sought a mirror and beheld with horror that his nose was about ten times its natural size. He was thunder-struck and could not account for the phenomena but made a bee line for the youngster who had made the purchase and finding him, inquired as to what under the sun he had bought with the nickel, to which the youth replied "Why, self rising flour, of course, that's the kind mother always uses." And then with the recollection of the perspiration and the normal heat of the body, Deshon realized it was not a premature attack of Delirium Tremens for at last he was still on the water wagon.

A derailing switch has been put in the new sidetrack in the east end of the yard at Broadhead.

General Railroad Notes

The headquarters of the Kansas City division of the Chicago, Milwaukee and St. Paul road are to be moved to Ottumwa, Iowa.

It is announced that the Denver, Northwestern and Pacific railroad, known as the Moffatt road, has finally adopted the route over the Wasatch range. The road will follow Daniels canyon for twenty-five miles, striking the Heber branch of the Denver and Rio Grande near Charleston. From this point into Salt Lake City the Rio Grande will be used.

The attempt some of the western lines have been making to have the homesteaders' rates raised or abolished proved a failure. At the transcontinental passenger meeting yesterday the Rock Island voted against the proposition of increasing the rate and the matter was dropped.

Action on the colonist rates was deferred until the spring meeting. At a special meeting of the Western Passenger association held after the adjournment of the transcontinental meeting it was practically decided that the former should move its offices from the Monadnock to the new Railroad Exchange building in Chicago.

Although the official confirmation is lacking, the rumor was again heard yesterday that John R. Walsh would extend his Southern Indiana railway into Chicago. Official maps were filed yesterday in Terre Haute for the extension of the road from that place to State Line, where a connection will be made with the Erie railroad. By using the lines of that company for a short distance the connection with the Chicago Terminal could be made, which would bring the trains of the company into the Grand Central station.

Yesterday the work of the Santa Fe division superintendent who have been in Topeka arranging a new time card ceased. The most important change will be the making of the California limited train a daily instead of a tri-weekly as heretofore. The winter service will begin Nov. 29 with the Pacific coast train.

The Minnesota railway has accepted a proposition to bond 110 miles of road for \$2,000,000. The road will run from Mankato through Nicollet, New Sweden, Gaylord, New Auburn, Brownston, Greenleaf and Hutchinson to St. Cloud. It will soon become a part of the Rock Island system.

It was currently reported yesterday that J. M. Hannford, second vice president of the Northern Pacific, is to accept a position as traffic director of all the Vanderbilt lines.

NATURE'S OWN CURE.

Hyomei Cures Catarrh Without Dangerous Drugging of the Stomach.

Not until Hyomei was discovered show a decided improvement and in has it been possible to truthfully say a short time there will be no further that a remedy for catarrh was er trouble from catarrh. Its action is rapid and lasting.

This remedy is breathed through the Hyomei inhaler for a few minutes four times a day, and during that time every particle of air taken into the air passages and lungs is impregnated with the germ killing and health giving Hyomei. It is the only treatment that cures catarrh.

Stomach drugging often causes disordered digestion or brings on some other diseases and never makes a permanent cure of catarrh. Hyomei not only kills the germs in the throat and nose but penetrates to the minutest air cells in the lungs and enters the blood with the oxygen, killing the germs in the blood. It frees the mucous membrane from poisonous microbes and gives perfect health.

A complete outfit costs but \$1.00, and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment.

King's Pharmacy and Peoples Drug Co. have so much faith in the merit of Hyomei that they agree to return the money to any purchaser who may be dissatisfied.

TO ALL CATARRH SUFFERERS.
Hyomei Guaranteed to Cure by Peoples Drug Co. and King's Pharmacy or Money Refunded.

The popularity and increase in the sales of Hyomei are unique in the annals of medicine. Such astonishing cures have been made by this remarkable remedy that the proprietors have authorized King's Pharmacy and Peoples Drug Co. to sell every package of Hyomei under an absolute guarantee that it will cure catarrh. If it does not, the purchaser can have his money refunded by them.

Hyomei is no ordinary remedy. It is the only method of treatment that sends by direct inhalation to the most remote part of the air passages a balsamic air that destroys all catarrhal germs in the breathing organs, enriches and purifies the blood with additional ozone, and makes permanent and complete cures of catarrh.

The complete Hyomei outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.

Breathe through the inhaler for a few minutes four times a day and your catarrh is cured. That's all. If not cured King's Pharmacy and Peoples Drug Co. will refund your money.

Simply Breathe It.
A Few Minutes Use of Hyomei Four Times a Day Cures Catarrh.

The pleasantest, most convenient and only scientific method for the treatment and cure of catarrh is Hyomei. Simply put twenty drops of Hyomei in the inhaler that comes with every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. Hyomei breathing is in this way every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and allays all irritation.

The first day's use of Hyomei will money.

Arthur D. Hall, who has made the well known novel, "A Gentleman from Gaspony," has for the scenes

The Self Rising Nose.

Frank Deshon, than whom a funnier comedian never donned the makeup, never resorts to a slap stick or horse play, but by his cute pranks and valuable wit, wins a host of friends wherever he chances to exhibit his wares.

There are some folks with whom nature has endowed an extra bump of mirth and when these bumps were given out at school, little Frank Deshon must have been sitting in a front seat and stood pat with the distribution of those things that tend to make a funny comedian. He is exceedingly funny and wins countless laughs.

The other night after he had had a hard night playing Archie Van Million in Willard Spenser's "Miss Bob White," talking to some friends told them all the funny experiences he had since a showman and which dated back to his prior career, when as one of Palmer Cox's Brownies.

The scene of the narrative is laid in Pittstown, Pa. When about 15 minutes after curtain had risen, he found to his horror that he had no nose putty. He appealed to each and every member of the little company but only failure stared him in the face, and finally as a last resort, he got an errand boy about the stage to get him 5c worth of best flour, with which after a great delay he completed his make-up.

All went well during the first act, in fact, he was funnier than ever and he was particularly pleased with himself inasmuch he got laughs he had never dared to dream or some times when there was no occasion for it, but he was elated with his success.

He did not notice anything unusual until he had a scene with a beer keg, when much to his disgust his eyesight failed him and he could not see where the keg was. He felt sure that the property was at fault

JANESVILLE 6. WAUKESHA 0.

GOOD GAME PLAYED THIS AFTERNOON BY JANESVILLE.

NO SCORE IN THE FIRST HALF

Held Waukesha and Kept Them from Making a Touchdown—Fast Playing.

With another ideal day for the game, the struggle with the Waukesha high school team began shortly after two o'clock this afternoon at Athletic park. The Spring City

boys arrived in town during the morning and made a good showing on the streets, all the boys wearing white caps with the letter sewn in the front. The team appeared somewhat lighter than the local aggregation.

Have Good Record. They have a good record, having

points and no score by their opponents. Racine Military college was defeated even better, the soldier boys not scoring and the Waukesha eleven making 33. They piled up the biggest number of points against Lake Mills, for at the close of the

second half the game stood 42 to 0. The following was the Spring City line-up: F. Davis, H. E.; Fenlon, R. T.; Smith, H. G.; Wheeler, C.; Evans, L. G.; Foster, L. T.; Lyons, L. E.; Miller, Q. B.; H. Davis, F. B.

Muckleston, R. H.; Assel, L. H.; R. Davis is captain, Whitney referee and Montgomery timekeeper. The Bower City boys played in about the same positions as last week, which was: C. Caldwell; R. G. Kennedy; R. T. Atwood; R. E. Clithero; L. G. Carle; L. G. Locke; L. E. Ryan; Q. B. Galbraith; R. H. Flaherty; L. H. Roberts; F. H. Milmore.

Bigger Scores
Waukesha has so far run up bigger scores with heavier teams than Janesville. Racine for one, has made some good records this year in spite of the fact that they have been seriously crippled at times. While the defeat of the Lake Mills team with a big score does not mean so much, the winning from the Milwaukee high school, with twelve to nothing, is a better indication of what the eleven may do. All of the local men were in fine condition when the teams met on the field.

First Half
It was just two-thirds when Waukesha kicked off and a few minutes later Muckleston made a sensational run, but was stopped from crossing the line. The play then seesawed up and down the field, neither side being able to score. Milwaukee and Galbraith are doing excellent work for Janesville and Flaherty is making sensational plays. The crowd is good and much more enthusiastic than last week.

Janesville Wins
Janesville made a touchdown and kicked goal with only a minute or two more to play. Final score: 6 to 0.

LADIES HONORED MRS. CRAWFORD

First Methodist Church Ladies Tendered Her a Reception on

Tuesday Last.
The country home of Mrs. Chas. Dixon was a scene of merry hearts and happy faces, on Tuesday last, when a company of ladies took possession of the house. About thirty ladies of the First Methodist church gathered for an afternoon in honor of Mrs. Archie Crawford, who soon leaves Janesville for her new home in a northern city.

During the afternoon the ladies presented her with a set of solid silver teaspoons. Mrs. E. J. Bennett being the agent in this scheme. Elegant refreshments were served by the hostess, after which the ladies departed for their city homes with many pleasant memories of the time spent with their loved member, Mrs. Crawford.

The Proof Produced
Mr. Chas. Atkinson, an employe of the Hanson factory, is another one of the large number of Janesville people who have tried the "Painless Method" used by Dr. Richard, dentist. He stands ready to recommend this kind of work to all who dread being hurt.

Mrs. Thomas Croft
Mrs. Thomas Croft, who has been critically ill for some weeks past, died at her home, 256 old street, at half past one o'clock this afternoon. The deceased was sixty-one years of age and came to Janesville from Ireland thirty-eight years ago. She is survived by a husband and five children, Frank Croft of Rockford, Ill., and George, Ida, Agnes, and Mrs. William Boyce, all of this city. She also leaves on brother, P. H. Burns, of Des Moines, Iowa. Notice of the funeral will be given later.

William Truesdale
William Truesdale, a well known resident in Shoplere, died suddenly at five o'clock this morning in Rockford. The cause of his demise is not known. Mr. Truesdale was a painter by trade and seventy years old. He had come to Rockford to see his wife who had been taken sick in that city while visiting her daughter. Besides Mrs. Truesdale, two sons and one daughter are left, Mark Truesdale of Shoplere, Will Truesdale of Racine and a married daughter in Rockford.

Will Sue City FOR HER INJURY
Attorney for Mrs. Mannion Serves Notice.

SHE FELL AND BROKE HER ARM
Fall, It is Alleged, Was Owing to Side-Walk Being in Bad Repair.

Attorney Thomas Nolan this afternoon served notice on City Clerk Hadger that Ann Mannion, who lives on Western avenue, will sue the city for damages as the result of a fall on a sidewalk on High street on October 11, by which she broke her arm and was otherwise injured. The amount of damages is not named in the notice on the city clerk.

The Notice
Please take notice, that on Sunday, October 11, A. D. 1903, about three o'clock in the afternoon, (Mrs.) Ann Mannion, who resides on Western avenue, in said city, was injured, by reason of an insufficient and a defective sidewalk in said city of Janesville, as follows:

While walking on and along the sidewalk on the east side of High street, near the intersection of Galea street, and in front of lot numbered two, block eight, of Rockport addition, she was tripped by a loose plank in said sidewalk, about two rods from the northerly line of said lot, which caused her to fall heavily to and upon said sidewalk.

Loose Plank
That as claimant is informed and believes, said loose plank or board was one of the planks or boards constituting the sidewalk in front of said lot, and by reason of decayed stringers or planks to which it had originally been nailed, it and other planks or boards of said sidewalk were loose and movable; that said plank or board was in its proper place in said sidewalk, and, as far as observed by or known to said (Mrs.) Ann Mannion prior to said accident, was properly fastened and safe to walk upon. That after she fell she learned for the first time that said sidewalk then was, and it had been for some time, in a defective and unsafe condition. That she did not know said sidewalk was insufficient, imperfect, defective, unsafe or in want of repair until she had fallen upon it as stated herein.

JANESVILLE BOY BUYS PROPERTY

William Rossow Purchases Eureka Block in Line City—Has A Model Laundry.

A former well known Janesville boy, William Rossow, who has been engaged in the laundry business in the Line City for some time past, is doing well in a business way and his friends in this town will be glad to know his having purchased the Eureka block in Beloit, where he will continue in the same trade. The price paid for the building was \$7,500. The property is finely situated in the business part of town and will be considerably improved by the new owner who will conduct a model laundry. The young man will receive many well wishes from his old friends in the Bower City.

MEN ARE ASKED TO ATTEND

Meeting at Association Building Tomorrow—Rev. Vaughan Will Speak.

"Responsibility" is to be the subject of Rev. Vaughan's talk at the men's meeting at the Y. M. C. A. rooms tomorrow afternoon and the gathering promises to be one of unusual interest. There will be special music by the male quartette and a good crowd is expected. The attendance has been steadily growing during the summer and the service last Sunday was the largest in many weeks. In the words of Secretary Kline, "No man should miss this hour." All are cordially invited.

Hay Burns: The large hay stack on the farm of James Murphy near the brickyards burned last night and caused persons to think that a much larger fire was in progress owing to the brilliancy of the light. The fire started about one o'clock and burned until daylight.

JUDGE PATTEN PASSES AWAY

PROMINENT JANESVILLE CITIZEN DIED TODAY.

AFTER A LINGERING ILLNESS

Was Born in New York State in 1824 and Came to This City in 1851—An Honorable Career.

After a lingering illness extending over a period of three years, LaFayette Patten, one of Janesville's oldest and most prominent citizens, passed peacefully away at his home, 161 East street, shortly after eleven o'clock this morning. His falling health had been especially marked during the past year and he had been unable to leave his home since last November.

Born in New York State
Judge Patten was born in the town of Brighton, near Ithaca Springs, New York, on December 7, 1824. He moved to Verona while a boy and came in the spring of 1851 to Janesville where he immediately entered upon the practice of law. He was married in 1854 to Miss Mary C. Hays of Onondaga, New York. Mrs. Patten and two daughters, Mrs. Mary V. Duley and Mrs. Jessie P. Wheeler, survive him.

Held Many Offices
Soon after coming to Janesville Mr. Patten organized the law firm of Sloan & Patten which afterwards was reorganized under the name of Bennett, Sloan & Patten. At different times he held the offices of justice of the peace and police justice and in 1881 he became the first judge of the municipal court, established that year. He held the latter office for six years. He also served a number of terms as a member of the school board. He was justice of the peace when stricken with illness three years ago.

Janesville's Loss
In the passing of Judge Patten, Janesville loses one of her substantial business men and well-loved citizens. The news will cause universal sadness here as well as among the wide circle of friends he had in neighboring cities. The funeral arrangements have not been made and no announcement can be made at this time.

Mrs. John Sweeney and Miss Caroline Brittain who are to give Enoch Arden in Central hall Monday evening, will repeat the same in Milwaukee the coming week.

Those who appreciate the enticing combination of soulful music and touching drama will not fail to hear Enoch Arden at Central hall, Monday evening, by Mrs. John Sweeney and Miss Caroline Brittain of Chicago.

MARSHALL DARRACH IN "JULIUS CAESAR"

Gifted Impersonator Delighted Large Audience With His Recital Last Night.

Marshall Darrach, the gifted reader and impersonator, interpreted Shakespeare's great tragedy "Julius Caesar" before a good sized audience at the First Congregational church last evening. His recital was the second of the series of three to be completed next Friday evening with the presentation of "Twelfth Night."

The reading last night was a masterly one. So vivid were the portrayals of the various actors in this stirring drama—their secret motives, ambitions, and passions—that from their own lips the hearer divined for each, his virtues, shortcomings, and final destiny. Cassius in his exhortation to Brutus in the first act, wherein he appeals to the former's vanity and finally suggests the conspiracy, shows himself actuated by malice and hatred alone, and reveals himself by word and action, a weak, vacillating character and an unfatigable friend. Hence, the attempted betrayal on the field of Philippi when the forces of Mark Anthony and Octavian Caesar on the one hand, and Brutus and Cassius on the other, are struggling for the supremacy in Rome, comes not unexpected.

And in this same opening dialogue, as well as in others that follow in the orchard, the nobility of Brutus, in spite of the weakness which permits him to lend an ear to flattery, stands forth in striking contrast to the fickleness and general unworthiness of the men by whom he is surrounded.

It requires consummate art to present real, life-like, pictures of these characters who so rapidly appear and disappear in the movement of the play. Marshall Darrach held his audience spell-bound last evening. In the forum and on the field of battle, whether reproducing the voices of the mob, the pleading accents of Portia, the shrill warning of the soothsayer, the words of pompous, well satisfied Caesar, or Mark Anthony's first half-timid reproaches and stirring eloquence at the last, the hearer detected no false note. Nothing was overdone, nothing was neglected. The recital was more "worthwhile" from the student's point of view than a presentation of the play by the best of actor-folks.

SHAMUS O'BRIEN PLEASES MANY

George Timmons Good As Irish Patriot—Capable Company and New Costumes.

George Timmons, who played the part of the Irish patriot in the title role of the drama "Shamus O'Brien," at the opera house last evening, held the attention of the rather slim audience in spite of the fright temperature of the theatre and his genial and hearty manner won friends on all sides. He was the true Irishman, good at singing, loquacious, and sometimes at being bad. His leading lady, Kate Blanche, was also excellent and the other members of the company suitably filled their respective parts. While a better knowledge of the lines of the play might have been an improvement, four acts went through without dragging or hitches. The costumes were for the most part new and good and the specialties were also above the ordinary.

Bartley Rice, as Sir Reginald Dare the English lawyer, was good and reminded some of Walker Whiteside in "We Are King," which was seen here recently. Miss Kathryn Shaw, who played opposite Rice was a close second for the leading lady for the honors of the evening and Ada De Vere as the mother of Shamus O'Brien, was one of the best. Wm. Shea, as O'Flinn, the informer and spy, did the villain act with a vengeance and at times almost seemed to scare himself with his friendliness. The show was good considering it was a first performance.

MAY AFFECT THE WISCONSIN LAW

Minnesota Supreme Court Sets Aside Game Law Relating To Shoot-Deer.

The Minneapolis supreme court today handed down a decision which knocks out that part of the game law relating to protection of deer. Under the decision deer are no longer protected in the state.

Inasmuch as the law concerning protection to deer is almost identical with the Wisconsin law, the decision may have some effect in that as well as neighboring states.

The open season is the same as in Wisconsin. Minnesota hunters, however, are allowed to kill three deer, while in Wisconsin but two can be taken.

S. F. Fullerton, state game warden, says: "The decision of the state supreme court in the Linden case is a practical invitation for poachers to kill all the deer in Minnesota. It prevents the game commissioner from protecting the game, and I shall not be surprised if it results in exterminating all the deer in the state."

USE BANKS AND SAVE YOUR MONEY

Merchants' & Mechanics' Offer Good Opportunity For Saving The Dollars.

I noticed a few days since the account of a robbery in Chicago of \$2,300. A stylishly dressed woman stole it from under the pillow of an old man and escaped. There should be a moral—bank your money and there will be nothing to attract the robber. I wonder if people in general realize how few, comparatively speaking, there are who really understand anything about banks or banking. If people did know more, there would be many more who would deposit their money and valuables in banks and safety deposit vaults rather than take the chances of fire and other dangers. The Merchants' & Mechanics' bank of Janesville is a state bank organized under the state laws of Wisconsin. They give special attention to the savings department. An account of one dollar or upwards can be opened in this department at any time, and an interest of 3 per cent. annually is paid. These accounts are not subject to check but the whole or any part of the account can be drawn at any time by delivering the bank book to the bank. The advice of those in connection with this bank is, if possible open a bank account; it has a tendency to make one save, and when once the habit of saving is acquired one is less likely to spend money foolishly. A safety deposit box can be procured for from \$2.50 to \$5.00 per annum. These are fire proof and burglar proof, and should be especially valuable to the farmer for the safe keeping of papers, the loss of which would be very serious. Have confidence in the banks. Deposit your earnings; learn to save; it is the means toward the end.

MRS. TANBERG HAS RETURNED

First District Will Not Be Divided This Year—Successful Meeting.

The Janesville delegate to the Wisconsin State Federation of Women's clubs' convention at Appleton, Mrs. Ella T. Tanberg, has returned home and reports that the seventh annual meeting of the federation was a most successful and interesting one.

Referred to Committee. The much talked of redistricting of the state was not done and it is said that the project did not meet with much favor. The matter was referred to a committee to report on at the next meeting. There will, therefore, be no danger of the first district being weakened by division this year. Appleton was thought by the visiting delegates to be a charming convention city for any state meeting and those who attended the three days' conference which ended last Thursday, were well pleased with the hospitality and friendliness accorded them.

Six Thousand Membership. There were over two hundred delegates and visiting club women in attendance during the three days and the report of the corresponding secretary, as given at the meetings, showed that there are now 149 clubs in the federation and that the total membership reaches nearly 6,000.

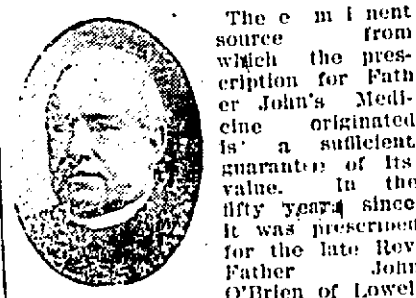

First District Heads. The first district leads in the work for the betterment of local conditions, but the reports of the committees showed that the results obtained from this branch of the work were many and far-reaching. In Beloit and Edgerton the clubs secured the passage of an ordinance prohibiting expectoration and the throwing of waste matter on the sidewalks.

Mrs. Dennison's Talk. The principal address of the gathering was by Mrs. Dingles T. S. Dennison, president of the General Federation of Women's clubs, and the value of federation was the subject of her talk. She said in part: "The general federation gathers together the threads of all the various club interests and departments of work and shows the results of the state federations, the individual clubs and members. It is the crown, the apex of clubdom."

The Apex of Clubdom. "One who considers the dissimilarity of the different portions of this country is surprised to find the states in the four corners of America working in a line, accomplishing practically the same ends. The state federation makes it possible for the individual clubs to profit by the success and failure of each and the general federation makes possible comparison, and, through joining hand in hand, advance among the state federations."

Painter or House Owner. Letter to Mr. G. M. Fisher, Janesville, Wis. Dear Sir, You paint lead and oil, don't you? Do you know why a house turns flat in spots and streaks in a few weeks, before the paint has had any chance to chalk or wear? Devco Ready Paint don't flat. It's as glossy as ever until it begins to wear; it keeps its gloss for two or three years. When the gloss begins to go, the paint is beginning to go. It is the first sign of wear—it ought to be.

BY AN EMINENT AUTHORITY.

The eminent source from which the prescription for Father John's Medicine originated is a sufficient guarantee of its value. In the fifty years since it was prescribed for the late Rev. Father John O'Brien of Lowell, Mass., by whom it was recommended and from whom it derived its name, this old family remedy has never failed to do all that is claimed for it. It cures colds, grip, and all throat and lung troubles; builds up the body, prevents pneumonia and consumption. It is not a patent medicine, and we again call your attention to its freedom from poisonous nerve-deadening drugs of weakening patent medicines and so-called "cough cures" and "balsams" depend for their effect, and which are dangerous—we warn you against them. Father John's Medicine is for sale at the Badger Drug Co., Cor. W. Milwaukee and S. River streets.

You May Be Cured

544 Garfield Avenue, Chicago, Ill., October 9, 1902. After doctoring for eleven months and taking forty-three bottles of medicine and finding no relief for leucorrhea resulting from irritation of a fallen womb I took Wine of Cardui and fourteen bottles cured me. This seems strange but it is the simple truth. Wine of Cardui helped me from the time I began taking it and having heard it praised so highly by friends who had tried it I felt satisfied that it would help me, and it did. It cured me. Took every bit of ache, pain and headache, cramps and dragging down sensations away till I felt young, strong and happy once more. It is a wonderful medicine and a true friend to women. When I look back on the months of torture I had it seems like a hideous nightmare. Wine of Cardui will cure any woman I believe. I have more faith in it than all other medicines combined.

ALL ADVERTISING IS NEWS.

The best advertising is that which tells you this news in a plain, straightforward manner. To deal in facts, to place those facts before you so that they will be understood and believed is one of the main objects of this store's advertising. At this season you are more than ordinarily interested in "Store News," for it describes the new merchandise; it quotes you tempting prices on that merchandise. You'll find a further reading of this "ad." of much interest if you've got dry goods to buy.
